INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying financial statements of Alzheimer's Disease Resource Center, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2016 and 2015, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Alzheimer's Disease Resource Center, Inc. as of June 30, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016 AND 2015

NOTE 1 – ORGANIZATION AND ACCOUNTING POLICIES

A) Nature of Organization

The Alzheimer's Association, Long Island Chapter, Inc. ("Chapter"), incorporated in the State of New York in September, 1983, was a local chapter of the National Alzheimer's Disease and Related Disorders Association, Inc. ("National"). On October 24th, 2012, the Board of Directors of the Chapter voted unanimously to disaffiliate from the National Alzheimer's Association and to change its name from Alzheimer's Association, Long Island Chapter, Inc. to Alzheimer's Disease Resource Center, Inc. ("Organization").

The Organization continues to support research to find a cure for Alzheimer's disease. The Organization also provides care, support and education programs for families in need, to be the voice for families who are coping with Alzheimer's disease and/or other dementias, and strives to increase the public's awareness about the disease.

B) Tax Status

The Organization is a nonprofit organization exempt from income tax under Section 501(c) (3) of the U.S. Internal Revenue Code.

C) Method of Accounting

The financial statements of the Organization have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

D) Basis of Presentation

The net assets and revenues, gains and losses of the Organization are classified for accounting and reporting purposes in three classes of net assets based on the existence or absence of donor-imposed restrictions. A description of the three classes follows:

Permanently restricted - Net assets subject to donor-imposed stipulations that they be maintained permanently by the Organization.

Temporarily restricted - Net assets subject to donor-imposed stipulations that will be met either by actions of the Organization and/or passage of time.

Unrestricted - Net assets that are not subject to donor-imposed stipulations.

All donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When the restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

ALZHEIMER'S DISEASE RESOURCE CENTER, INC.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016 AND 2015

(continued)

NOTE 1 – ORGANIZATION AND ACCOUNTING POLICIES – (continued)

E) Revenue Recognition

Contribution revenue is recognized when the donor makes a promise to give to the Organization that is, in substance, unconditional. Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

Grant revenue is recognized as revenue in the period in which the funds are utilized by the Organization to carry out the activity stipulated in the grant agreement.

Amounts received from contributions or grants that have not yet been recognized as revenue are classified as liabilities in the balance sheet.

F) Contribution Receivable

Contribution receivable is stated at the amount management expects to collect from outstanding balances. The Organization estimates that, based on past history and subsequent collections, contributions receivable will be substantially collected in full. Accordingly, no allowance for uncollectible amounts has been provided.

G) Grant Receivable

Grant receivable is stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a provision for bad debt expense and an adjustment to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to grant receivable.

H) Contributed Materials and Services

Contributed materials and equipment are reflected as contributions and assets or expenses in the accompanying financial statements at their estimated fair values on the date of contribution. Contributed services are recognized at fair value at the date of receipt if the services received (a) create or enhance long-lived assets or (b) require specialized skills, are provided by individuals possessing those skills, and would need to be purchased if not provided by donations.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016 AND 2015

(continued)

NOTE 1 – ORGANIZATION AND ACCOUNTING POLICIES – (continued)

I) Inventory – Jewelry

The Organization's inventory consists of jewelry, which is sold through its website and at fundraising events. Inventory is stated at the lower of cost or market and cost is determined on the first-in first-out method.

J) Investment Valuation and Income Recognition

The Organization's investments are stated at fair value. Investments acquired by gift are recorded at their fair value at the date of the gift. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (See Note 5 for discussion of fair value measurements). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized and unrealized gains or losses on investments include the Organization's gains and losses on investments bought and sold as well as held during the year.

K) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

L) Functional Allocation of Expenses

The cost of providing the various programs and supporting services has been summarized on a functional basis in the accompanying Statement of Activities and Statement of Functional Expenses. Accordingly, certain costs have been allocated among the programs and supporting services in reasonable ratios determined by management.

M) Property, Equipment and Depreciation

Property and equipment is stated at cost. Major expenditures for property which substantially increase useful lives are capitalized. Maintenance, repairs and minor renewals are expensed as incurred. When assets are retired or otherwise disposed of, their costs and related accumulated depreciation are removed from the accounts and any resulting gains or losses are included in income. Depreciation is provided for on the straight-line method over the estimated useful lives of the assets.

N) Reclassifications

Certain reclassifications have been made to the June 30, 2015 financial statements and notes to conform to the June 30, 2016 presentation.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2016 AND 2015

(continued)

NOTE 1 – ORGANIZATION AND ACCOUNTING POLICIES – (continued)

O) Intangible Assets and Amortization

The Organization has developed two trademarks associated with its name and logo. Legal fees incurred to submit the application and other related correspondence to the United States Patent and Trademark Office for these trademarks have been capitalized. Management has considered trademarks to have an estimated useful life of 15 years.

P) Marketing, Advertising, and Promotion Expense

The Organization follows the policy of charging the costs of marketing, advertising, and promotion to expense. These costs primarily consist of printed materials and marketing services to promote public awareness of Alzheimer's disease, fund-raising events, and the promotion of services provided by the Organization. For the years ended June 30, 2016 and 2015, marketing, advertising, and promotion expense totaled \$24,130 and \$28,069, respectively.

Q) Restricted Cash - Capital Campaign

Restricted cash represents contributions that have been designated by the donors to purchase a building for the Family Care and Resource Center and to serve as a permanent home for the Organization. On June 20, 2011, the Organization purchased the building with financing from TD Bank and utilizing monies from the restricted cash accounts. The remaining restricted cash was utilized for the repayment of the mortgages associated with the purchase of the building, the construction of the family care center, and classrooms.

R) Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require management to evaluate uncertain tax positions taken by the Organization and recognize a tax liability (or asset) if the Organization takes a position that is more likely than not to be sustained upon examination. The Organization recognizes interest and penalties, if any, relating to unrecognized income tax benefits in interest expense. The Organization has determined that there are no uncertain tax positions that require recognition or disclosure in the financial statements.

The Organization is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to income tax examinations for years prior to 2013.

S) Management Review

The Organization has performed an evaluation of subsequent events through April 26, 2017, which is the date the financial statements were available to be issued, noting an event which affects the financial statements as of June 30, 2016 (See Note 14).

NOTE 4 – CONCENTRATIONS OF CREDIT RISK - FEDERALLY UNINSURED CASH

The Organization's cash is maintained at one bank. The Organization has exposure to credit risk to the extent its cash exceeds \$250,000 (the amount covered by federal deposit insurance) per bank. As of June 30, 2016 and 2015, there were no uninsured amounts (the amounts in excess of \$250,000).

NOTE 5 – FAIR VALUE MEASUREMENTS

The Organization's investments are reported at fair value in the accompanying statements of financial position. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

U.S. generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Quoted market prices in active markets for identical assets or liabilities. An active market for the assets or liability is a market in which the transaction for the asset or liability occurs with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2: Observable market-based inputs or unobservable inputs that are corroborated by market data, such as quoted prices for similar assets or liabilities or model-derived valuations.

Level 3: Unobservable inputs that are not corroborated by market data. These inputs reflect a company's own assumptions about the assumptions a market participant would use in pricing the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used, need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 13 – TEMPORARILY RESTRICTED NET ASSETS

Temporarily restricted net assets are comprised of pledged contributions that are purpose-restricted, and are recorded as temporarily restricted. Temporarily restricted net assets are restricted for two purposes; to fund a capital campaign to acquire a building to house the Alzheimer's Disease Resource Center, Inc. and to cover settlement costs related to a donor's bequest (See Note 14).

On June 20, 2011, the Organization purchased the building. The remaining amount in temporarily restricted net assets was utilized for the repayment of the mortgages associated with the purchase of the building, the construction of classrooms and the family care center, and educational programs promoting Alzheimer's awareness.

Total purpose-restricted capital campaign pledges that were donated to the Organization (plus interest income earned) during the years ended June 30, 2016 and 2015 were \$-0- and \$3, respectively.

Total purpose-restricted settlement pledges that were donated to the Organization during the years ended June 30, 2016 and 2015 were \$120,000 and \$-0-, respectively.

For the year ended June 30, 2016, \$4,709 was released from donor restrictions.

For the year ended June 30, 2015, \$615 was released from donor restrictions.

Temporarily restricted net assets at June 30, 2016 and 2015 consist of the following:

	<u>2016</u>	<u>2015</u>
Purpose Restricted - Capital Campaign	\$ -	\$ 4,709
Purpose Restricted - Arbitration Settlement Research	<u>120,000</u>	<u>-</u>
	<u>\$ 120,000</u>	<u>\$ 4,709</u>

NOTE 14 – SUBSEQUENT EVENTS

On February 3, 2017, the Alzheimer's Disease and Related Disorders Association, Inc. ("National") commenced a proceeding in the Eastern District of New York against the Organization seeking payment of a bequest made by a donor and received by the Organization in 2015. The parties have negotiated a settlement of \$118,100 to National, which in turn will be paid to an organization located in Long Island for research. No formal settlement agreement has been signed as of the date of the opinion letter. As such, the financial statements reflect an accrual for the liability of the settlement amount due to National, in the amount of \$118,100.
